

LEGISLATIVE UPDATE

Greetings from the Roundhouse via zoom! Yesterday was the halfway point in the legislative session and no more bills can be introduced. Your legislative committee is following multiple bills. It is an interesting session this year being all virtual. Our most important bill is Senate Bill 12. This is the Remote On-Line Notarization legislation that NMLTA strongly supports. We are watching it closely and attempting to speak at all committee hearings on it. The bill came out of its first Senate committee with a "do pass" recommendation. We will keep you posted on its progress. We are also closely monitoring HB 19, which would impose a real estate transfer tax. We are expressing our opposition to that bill.

There are several other bills that are of interest as well. We have a full list here for you. [Click here to view the list.](#)

As always, if you have any concerns or questions about any of the legislation, please do not hesitate to contact us. More to come...
