## **Title Pre-Licensing Study Manual**

The OSI provided to NMLTA several hard copies of the training manual it compiled to help title company personnel study for their licensing test. Those hard copies are available to NMLTA members on a first-come, first-served basis (one hard copy per agent or underwriter member). If you would like a hard copy of the manual, you can pick one up at the association office anytime. The manual is also available as a .pdf document on our website, by visiting the page: [Getting Your License](#).

The manual primarily consists of the applicable New Mexico title insurance laws and regulations and was prepared without input from the NMLTA.

---
