DEPUTY SUPERINTENDENT
Robert Doucette 505-827-5832

PRODUCER LICENSING

To All Title Insurance Licensees,

Please be advised that OSI is experiencing an issue with the NAIC's SBS computer system that processes license applications and renewals. The problem is that the SBS system is requiring three hours of escrow fund continuing education credits (CE's), three hours of ethics CE's and seven hours of general CE's to fulfill the continuing education requirement for title insurance producer license renewals.

As you know, this is not what is required pursuant to Rule 13.4.7.9 NMAC, which allows for three hours of escrow fund CE to be used to fulfill the three hours of ethics CE requirement. We are working with the NAIC's SBS Personnel to get this problem fixed.

If you are not allowed to renew your license online due to this glitch, please send in a paper renewal to our office and we will process it within 48 hours of receipt. The paper renewal can be found at

https://www.naic.org/documents/committees_ex_pltf_plwg_individual_renewal_producer_app_20132015_clean.pdf?37

Thank you for your patience while we address this issue.

Sincerely, Victoria A. Baca
Bureau Chief/Staff Manager Producer Licensing Bureau
